ISCIT 2021

20th International Symposium on Communications and Information Technologies

October 19 – 22, 2021

Virtual Symposium

Quest for Quality of Life and Smart City

Call for Papers

Organizing Committee

Honorary Chair

Yoshio Itoh
Tottori Univ., Japan

Honorary Co-Chairs

Yoshikazu Miyanaga
Hokkaido Univ., Japan
Akira Taguchi
Tokyo City Univ., Japan

General Chair

Takao Onoye, *Osaka Univ., Japan*

General Co-Chairs

Hiroshi Ochi
Kyushu Institute of Tech., Japan
Kosin Chamnongthai
KMUTT, Thailand
Songlin Sun, *BUPT, China*
Eryk Dutkiewicz, *UTS, Australia*

Technical Program Chair

Arata Kawamura
Kyoto Sangyo Univ., Japan

Technical Program Co-Chairs

Yosuke Sugiura
Saitama Univ., Japan
Trio Adiono
Bandun Institute of Tech., Indonesia

Special Session Chair

Mitsuji Muneyasu
Kansai Univ., Japan

Plenary Session Chair

Akihiko Sugiyama
Yahoo Japan, Japan

Publicity Chair

Koshiro Kitao, *NTT DOCOMO, Japan*

Publication Co-Chairs

Noboru Hayasaka, *OECU, Japan*
Hiroshi Tsutsui, *Hokkaido Univ., Japan*

Promotion Chair

Masayuki Kurosaki
Kyushu Institute of Tech., Japan

Financial Chair

Naoto Sasaka, *Tottori Univ., Japan*

Registration Chair

Iitetsu Taniguchi, *Osaka Univ., Japan*

Local Arrangement Chair

Masashi Nishiyama
Tottori Univ., Japan

Management Chair

Yasutomo Kinugasa
National Inst. Tech. Matsue College, Japan

International Steering Committee

Chair

Kosin Chamnongthai
KMUTT, Thailand

ISCIT 2021 has pivoted to fully virtual symposium due to COVID-19.

The 20th International Symposium on Communications and Information Technologies (ISCIT 2021) will be held virtually. The symposium will provide a forum for researchers, engineers, and industry experts to exchange and discuss a new idea, recent development, and breakthroughs in IoT, communications, and information technologies. The topics for regular and special sessions include, but are not limited to, the followings:

Circuits and Systems

Circuits and Systems for Communications
IoT, Wearable Devices
Analogue and Mixed Signal Processing
Numerical Methods and Circuit Simulation
Low Power Design & VLSI Physical Synthesis
Modeling, Simulation, and CAD Tools
VLSI Architecture for Signal Processing
Hardware architecture for AI
Smart Sensors

Wireless Communications

OFDM and Multi-carrier Systems
MIMO, Multi-user MIMO, and Massive MIMO
Interference Alignment and Cancellation
Heterogeneous and Small-Sell Networks
Channel Modeling and Propagation
Distributed and Cooperative Communications
Smart Antennas and Space-Time Processing
Communication Security

Next-Generation Networking

Software-Defined Networking (SDN)
Network Function Virtualization (NFV)
Data Center and Cloud-based Networking
Self-Organizing Networks
Network Provisioning, Monitoring, Management
Emerging Internet Applications
Energy-Efficient Protocol Design
Green Communication
Network Security and Privacy

Computational Intelligence,

Data Science & AI

Fuzzy Logic
Neural Networks
Evolutionary Computation
Learning Theory
Machine Learning
Statistic & Probabilistic Methods
Data Mining
Classification
Clustering
Association Analysis
Regression Analysis
Knowledge-based Engineering
Time Series Analysis
Big Data Analysis
Deep Learning
Image, Video and Speech Processing
Natural Language Processing
Biomedical Information Analysis
Wireless Networking & IoT
Cellular Systems, 4G/5G and Beyond
WLAN, Mesh, and Vehicular networks
Spectrum Sharing and Management
IoT Computing and Networking
Energy-Efficient Designs for IoT
IoT Security, Trust, Privacy
IoT Data Management, Mining, and Fusion
New IoT Services and Applications

Important Dates:

Authors are invited to submit **a short paper (2-3 pages) or a full paper (4-6 pages)**.
Special Session Proposal: ~~May 7, 2021~~ May 28, 2021 (Closed)
Paper Submission for Regular Tracks: ~~June 1, 2021~~ July 2, 2021 (Final Extended)
Acceptance Notification: August 1, 2021
Camera Ready Submission: September 1, 2021
